THE BOTTOMS DROPPING OUT. What Came Near Happening to the Aqueduct Bridge.

Shortly after 2 o'clock yesterday afteroon people standing on the Aqueduct oridge heard a crash, followed by a loud bridge heard a crash, followed by a loud sound of falling water. For a moment the belief became general that a portion of the foot bridge had fallen in. An investigation was immediately made, when it was discovered that a brace supporting the floor of the aqueduct proper had given way, causing a break in the floor of the second span of ten feet. The canal gates on each side of the river were closed. Those on the Washington side did not work well at first, but, after an hour's labor, were closed sufficiently to keep back the rush of the water.

To day the water will be drained off the canal and workmen begin to repair the damages. It is believed that in two days' time the break will be repaired, and the cost of repairs will not likely exceed \$150. The rumor that the bridge had fallen soon spread over the city and caused many people to flock to the scene. It was stated that a canal boat had a few minutes prior to the accident passed over the spot, but this was denied by the watchmen in charge of the bridge.

What is bet'er than an excursion to the what is letter than an excursion to the mountains in the month of Soptember? Nothing, and when the excursion includes a visit to the most wonderous and famous caveras, of the world the treat is doubly attractive. Seen can be said of the select Luray excursion from this city every Wednesday. They have become so popular that at the urgent request of many the management have decided to continue them during the month of September so that all may have an opportunity to visit the most curious of nature's handlwork. Curious, indeed, is no way of expressing it, as the formations are the most mystifying in their construction. Every one should "take a day off" and visit the enverse of Luray, as the trip will never be recreited.

The special train of reserved seat conches will leave Baltimore and Ohio depot at 8:39 a. no., arrive at Luray at 1 p. m. Four hours can be spent at the experies and a thorough their made. TWO ARMORED CRUISERS. Directions Given for the Preparation

of the Plans. The Acting Secretary of the Navy has directed the bureau of construction, in cooperation with the bureaus of steam engineering, equipment, and ordnance, to pre-pare plans for the two sea-going doublebottomed, 6,000-ton armored cruisers authorized by the act of Ang. 3. The heads thorized by the act of Ang. 3. The heads of the several bureaus are directed to enter upon the work without delay, and to confer together as frequently as may be necessary for the purpose. It is thought possible that no autishle designs for these vessels may be furnished by outside architects and designers upon the invitation sent out recently, in which case the department desires to be prepared to proceed with the construction of these vessels. The bureau will begin work upon their respective parts of the plan for one of these vessels at once.

UMBRELLAS: THE GLORIA UMBRELLAS, natural sticks, paragon frames, \$1.99 to \$2.50. Some dealers advertise these as Gloria Silk. We don't, because there is not a particle of silk in their composition. We have investigated them thoroughly, and the result of our inquiry discloses

the better ones to be made of mohair and wool, and the cheaper ones, cotton ALPACA UMBRELLAS, natural sticks and Paragon frames, \$1.49 to \$2. Our Alpaca Umbrellas may not be any better than other people's, but we think them cheaper. Nothing smart in Alpaca. It is uniformly Catton one way and Alpaca the other. The differ-ence in qualities comes in the comparative fineness of texture and dyes. SILK UMBRELLAS, natural sticks, Paragon frames, commencing at \$1.90 Paragon frames, commencing at \$1.90 for \$6-inch.
They are S. T., and if you are in the habit of losing your Umbrella, one of these is good enough to lose.
WINDSOR SILK UMBRELLAS, Paragonal Vambos, Pimesto, and WINDSOR SILK UMBRELLAS, Paragon frames, Bamboo, Pimento, and Thorn sileks, from \$3 to \$3.50. Here is a thing we recommend. The fabric is cotton and silk, inauring a greater amount of wear than all silk, and one that will retain color. We have used great deliberation in this selection, and you may buy one with confidence.

SILVER CAPPED STICK UMBRELLAS, Paragon frames, in Black and Blue Silks, \$2.75 to \$3.25. These represent the best valve obtainable in all silk Umbrellas.
